Dal 1946 è festa nazionale. Il 25 Aprile celebra l'anniversario della Liberazione d'Italia, la fine dell'occupazione nazista, della dittatura fascista e di 5 anni di tremenda guerra. Rappresenta l'inizio di un cammino che porterà al referendum del 2 giugno 1946 per la scelta fra monarchia e repubblica (che prevalse con 12 milioni e 700.000 voti) e quindi alla nascita

## Ville in Italia: experience “life in Italy”

### *Our history*

Ville In Italia was set up by the company’s founders in 1996 as the result of a passion for beauty and years of experience in the holiday sector. We offer holidays in villas, historical residences, prestigious apartments and country houses.

We have carefully selected 500 residences situated in some of the most beautiful locations in Italy, from north to south, on the islands, in the countryside, at the seaside and by the lakes. We offer a wide range of accommodation solutions so that we can make all our guests’ dreams come true. Thanks to our level of commitment and the strategies pursued, we are now widely recognized as one of the top companies for creating “made-to-measure holidays” in the most exclusive Italian locations.

We have a highly qualified, multi-lingual staff.

The Ville in Italia website [www.villeinitalia.com](http://www.villeinitalia.com) is available in four languages: French, English, Russian and German.

### *Our proposal*

History and stories – By choosing Ville in Italia you have chosen to enjoy a holiday in a prestigious residence but, above all, to sample the intensity of Italian life.

It is a well-known fact that two thirds of the world’s artistic heritage can be found in Italy.

But there is more. Italy is a living country that is going through a constant process of renewal in terms of elegance, hospitality culture, the art of good food and wine and stunning landscapes.

Blending beautifully into the surrounding scenery, built over centuries of art and tradition, our properties contain many echoes of the stories of their past: choosing Ville in Italia offers you the privilege of being able to listen to them all.

A trip to Italy is like going on a treasure hunt. Every monument, every building reveals a layer of political, cultural or artistic history that has been laid down through the centuries, leaving traces that link these places to many famous people: from Dante to Giotto, from Michelangelo to Gioacchino Rossini, from Leonardo to Napoleon, as well as kings, dukes, noble families, artists and scientists.
